

Château Michel de Montaigne

Vintage 2020

The « Blanc de Montaigne »

Family Mähler-Besse

Since the acquisition of the Château de Montaigne in 1860, the Family Mähler-Besse, seventh generation owner, are really involved in producing wines that are a pure reflection of the terroir of their property.

Today, the owner of the Château of Montaigne are always share-holder of Château Palmer, and manage the wines of their Estate with the same level of quality and expression as they do in Margaux.

The vineyards are on the same soils of the hills of Saint-Emilion and its historical and exceptional terroir, that is enhanced by a vinification of quality with no compromises.

The « Blanc de Montaigne » is made to keep the balance the fatness, the fruit and the acidity of the wine. Aromas of white flowers come through.

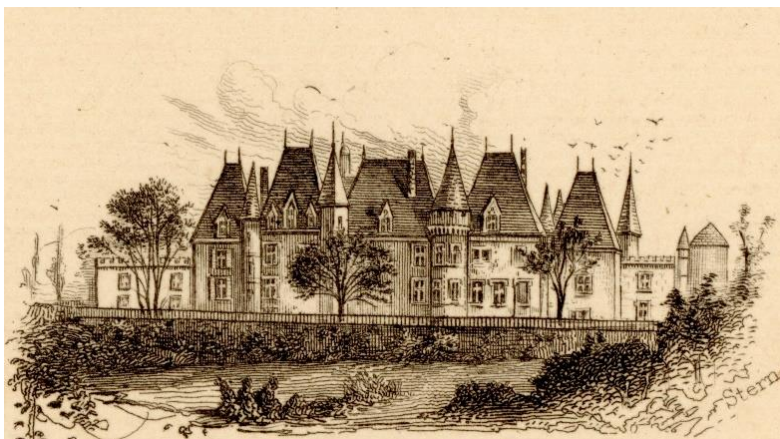

Vintage 2020 :

The vintage 2020 is in line with nice vintages, like 2018 and 2019 with the same level of quality.

At Château Michel de Montaigne we achieved a nice balance between the fruit, the acidity and the alcohol, partly due to good weather conditions all through the season.

Tasting notes :

A nice nose on the fruit with notes of citrus, melted with white flowers aromas. A nice sweetness in the mouth with a freshness, that brings a good balance. The intensity of the fruit link to a nice and long fruity finish for this « Blanc de Montaigne ».

Harvest :

From the 21 september 2020.

Blend :

90% Sauvignon Blanc, 10% Sauvignon Gris,

Bottled : April 2021.
